Hi Afri,
Please check the link below for the API directions for Forsta. I reactivated your Forsta login so you should be able to test the connection.
Thanks,
Philip

Hi Philip:

I would start with this API:

<https://docs.developer.focusvision.com/docs/decipher/api#tag/Data/operation/getSurveyData>

KB Doc:

<https://forstasurveys.zendesk.com/hc/en-us/articles/4409469957531-Decipher-REST-API>

Let us know your thoughts.

Hi team,
Can you help me figure out how to get survey data from our weekly consumer tracker into an API?
Thanks,
